To Whom it May Concern:

As you may know, the American Urological Association (AUA) is partnering with Asociacion Urologos Centroamericanos (AUCA) and Asociación Hondureña de Urología (AHU) to present the **6th Annual Highlights of the AUA, Central America & Caribbean**. The program will be held in Roatan, Islas de la Bahia, Honduras, July 25-28, 2019.

This joint program between AUCA, AHU and AUA will feature the latest advances and treatments in urologic medicine **as presented** at the 2019 AUA Annual Meeting in Chicago, IL. Leading U.S. experts will present highlights from the meeting on a variety of urological topics.

The last five Highlights of the AUA Programs in the region have been extremely successful and were truly international events with attendees from more than 10 countries, including the U.S., Saudi Arabia, Chile, Paraguay, Mexico, Dominican Republic and most Central American countries. The goal for the 2019 program is to continue this success and increase attendance from all areas of the world especially the Central American and Caribbean regions.

This program is the only one of its kind in the region and is supported by the AUA and regional urological societies. The program is supported by urological leaders in the region who have agreed to promote the program to their membership and have committed to attending the program. The AUA, AUCA and AHU look forward to bringing together urologists from all over the world for this AUA educational event.

For more information on how you can support this event, please contact Dr. Luis Fiallos at luisfiallos@hotmail.com. We look forward to seeing you in Roatan in July 2019.

Sincerely,

Manoj Monga, M.D.
AUA Secretary
